

“Providing **care and support** for employees and their dependants in the automotive industry, **in times of need**”

Sometimes you just don't know what life will throw at you - but BEN will be here to support you in whatever way we can.

Get in touch to find out more about BEN

Adrian was diagnosed with cancer, and was left worrying how he was going to look after his three children as a single parent. Luckily BEN was able to provide advice as well as financial and emotional support. As Adrian said, “BEN was there when I needed help most”. He is now happily married to Jane.
